

COMPUTER RESOURCE CENTER

Computer education in schools plays important role in students career development. Computer with the internet is the most powerful device that students can use to learn new skills and more advanced version of current lessons. For children, computer technology has provided an indescribable wealth of resources, information and knowledge; since the introduction of the internet, students are now able to access information on whatever subject they want, wherever they want.

Computer Labs with Internet access at NRI Public School are constantly updated with the latest software and hardware. Students are encouraged to make use of internet facility to browse through the useful digital resources. The well furnished Language Lab will improve the communication skills of students.

COMPOSITE SCIENCE LAB

Laboratories are the most important infrastructure of an educational institution. A well equipped Composite science Lab provides the children with the facilities to work practically.

NRI Public School has got a Composite Science Lab to enable the practical knowledge of students by doing. This laboratory is well equipped to conduct experiments as per the syllabi of CBSE. The lab will be periodically upgraded to fulfill the requirements of the curriculum.

The students of all classes will make extensive use of this lab and will be encouraged to test theories and prove concepts. Students will have facilities to perform experiments, to measure data and to analyze results so as to match their practical observations with theoretical knowledge.

SPORTS

Sports field and outdoor sport facilities have always been an integral part of our schools' ideology. We provide superb facilities for our students to keep fit, active and to build athletic skills in a variety of individual and team events. Participating in team games is encouraged in order to develop appropriate social skills. We participate in Inter-school tournaments and competitions. Emphasis is placed on the value of exercise as a means of enjoyment as well as promoting a healthy way of life.

We have set up several modern and well equipped sports facilities like:

OUTDOOR SPORTS

- Basketball
- Volleyball
- Badminton
- Cricket
- Football
- Taekwondo
- Yoga
- Aerobics

- Roller skating

INDOOR SPORTS

- Carom
- Pool Table
- Table Tennis
- Chess

OBJECTIVES OF SPORTS POLICY

- To raise the general fitness level of our students.
- To inculcate the values of cooperation, integrity, tolerance, trust, respect for rules and regulations and the possibility of each individual's action influence and participation.
- To build foster competitive spirit among our students and their parents.
- To help them demonstrate courage determination flexibility and sportsmanship all the time.
- To provide for leadership and generate an interest in physical education and wellness.

STRATEGIES

- Supply a qualified coach for every sport.
- Improve the level of expertise of our coaches.
- Increase the frequency and intensity of our coaching/training sessions.
- Improve the attendance of students at sports fixtures and at training sessions.
